

Undergraduate Research Grants Due Fri, April 3

Supporting undergraduate neuroscience research by providing up to **\$1500 to subsidize direct research costs** (i.e., reagents, chemicals, animals, antibodies) **and/or provide direct student financial support** (i.e., stipend, living costs).

URG recipients are eligible to receive up to an additional \$1500 in non-competitive funding to present their research at either the 2026 or 2027 Society for Neuroscience conference.

Application Materials

- Project description
- Budget description
- Faculty support letter
- Acknowledgement of project timeline
- IUCAC and IRB approval (if applicable)

Selection Criteria

- Scientific merit
- Clarity & sophistication of writing
- Likelihood of completion by project deadline
- Must be neuroscience projects

Check the research proposal guide & scoring rubric for more guidance

G. Andrew Mickley URG Award

One student will be selected for the G. Andrew Mickley Award. Preference for the Mickley URG Award will be given to **Behavioral Neuroscience** projects
